Ascent	130 hm

Coming from San Martino di Castrozza, you reach the entrance to Val Venegia after crossing the Rolle Pass at kilometre 2 of the SP 81 towards Valles Pass (well signposted). There is a paid car park at Pian dei Casoni (1,693 m).

From here, Val Venegia opens up in the Paneveggio Nature Park – with wide alpine meadows, the gently babbling Travignolo stream and the imposing Pala group in the background. A picture-perfect panorama.

The family-friendly route with a gentle incline is also suitable for pushchairs. Refreshments are available at Malga Venegia at the entrance to the valley and – after a leisurely walk – at Malga Venegiota (1,824 m), both offering magnificent views and regional cuisine.
